

Providing support to help maintain your independence...

Home help is just a phone call away!

For a minimum of 2 hours @ \$15.00 per hour (unless tools/equipment are required), Community Support Services can assist you with contacting a Brokered Worker to help you with those 'around the home' needs.

Our goal is to provide our clients with access information to skilled workers who can assist with light housekeeping or minor repairs.

How it Works...

Home Help & Maintenance is a support service provided by a Brokered Worker to assist with routine household activities or home maintenance & repair jobs. A brokered worker is not an employee of HHHS; rather, they work as independent contractors. References & police checks are required before an individual is added to our list of available Brokered Workers.
