

*Leaders in Innovative Rural Health Care*

## Vice President, Support Services & Chief Financial Officer Haliburton Highlands Health Services

*Nestled in the heart of cottage country, just 2½ hours north east of Toronto, is the Haliburton Highlands, a place of opportunity and a superior quality of life. The Highlands offer the spectacular beauty of rolling hills and over 600 pristine lakes, but also safe and active communities to raise your children and reliable services for your retirement. Haliburton Highlands Health Services promotes wellness and provides access to essential, high quality health services including Primary Care, Hospital (Acute Inpatient and Emergency Care) Long-Term Care, End-of-Life Care, Mental Health & Addictions Services, and Community Support Services for the residents, cottagers, and visitors of Haliburton County and the surrounding areas.*

The Vice-President of Support Services and Chief Financial Officer (VP/CFO) is an innovative, strategic leader who plays a key role in guiding the organization in a collaborative, accountable, and aligned quality-focused culture balanced with effective financial stewardship. Reporting directly to the President and Chief Executive Officer, the VP/CFO develops strategies that result in the efficient utilization of financial resources; translates the organization's strategic directions into outcomes; and collaborates with the Executive Leadership Team to enhance the quality of care delivered, fosters a positive workplace culture and healthy work environment, and builds effective partnerships internally and externally.

The preferred candidate will possess 5-7 years of progressive management and professional experience in an acute care hospital setting or other healthcare organization. With superior knowledge of current trends in health care, including system transformation, Ontario Health Teams, and integrated models of care and service, the VP/CFO will bring superior knowledge of financial analysis/reporting, accounting principles and practices, and demonstrated experience related to audit and year-end financial statements. A professional accounting designation is required, and evidence of ongoing professional development; a relevant Master's degree is preferred.
