

The Palliative Care Community Team is an inter-professional team providing care and support to residents of Haliburton County living with a life-limiting disease.

Support to patients and their families can begin as soon as possible and are designed to support you in your end of life journey.

Patient Supports Available

- Physician access - 24 hours a day/7 days a week (through nursing agency)
- Volunteer visiting
- Coordinated support to Health Services
- Access to pain and symptom management
- Client centered Inter-professional Case Coordination

"My mom drove the show, her wishes, all the way. The team was perfectly in tune with other aspects of care. We were always met with patience and understanding by all members of the team. We had immediate response from the coordinator as well as team members. We could not have asked for better support."

Judy Johnson

Your Circle of Care

Our Care team begins supporting you from your very first phone call to Community Support Services.

Our highly skilled and deeply compassionate Palliative Nurse Navigator works with you to determine your individualized needs and ongoing support requirements.

Your Care Team can involve:

- Your Primary Care Practitioner
- Your Specialists
- Your Care Coordinator
- Hospice programming

Palliative Nurse Navigation

The PCCT Nurse Navigator becomes your care partner and link to the health care team to ensure timely and ongoing implementation of:

- Shared care plans
- Assessment
- Referral
- Access to palliative care, grief, bereavement and support services
